Join us on a walking and driving African adventure in Sonoma County, riding a specialized safari vehicle alongside herds of exotic wildlife for intimate views of giraffes, gazelles, zebras, oryx, antelopes, wildebeest and many of the other 900 animals in this 400-acre African savannah setting. Enjoy a BBQ chicken luncheon at Safari West served with pasta, grilled vegetables, beans, pasta salad, green salad and chef's choice of dessert.

On the walking part of the tour you'll observe resplendently-colored birds in an open-air aviary, check out cheetahs up close and personal, and laugh at the antics of the residents of Lemur Island and our other glorious primates.

Safari West's goal is to actively promote conservation and environmental education concepts. It is fully accredited by the Association of Zoos and Aquariums.
