

# THE USS HORNET & Rosie the Riveter

**Saturday, August 15, 2026**

Honor our nation's military heritage and the United States Semiquincentennial with a docent tour of the USS Hornet and visit to the Rosie the Riveter WWII Home Front National Historical Park. Your docent led tour of the USS Hornet includes the flight deck where planes launched for bombing runs during World War II and Vietnam. Walk through crew quarters to get a better understanding of what life was like onboard this "floating fortress."

The USS Hornet saw action in the Battle of the Phillipine Sea, Western Carolina Islands operations, Battle of Leyte Gulf, the intensive operations in the Phillipines and surrounding areas leading up to the bombing of Tokyo.

Lunch in Officer's Wardroom includes baked chicken, served with a green salad, mixed vegetables, dinner roll, and cookie.

After lunch, visit the Rosie the Riveter National Historical Park with exhibits and movies showcasing how we were a nation at war, whether on the battlefield or the homefront. The Park is located at the site of the Kaiser Shipyards which built 747 ships during WWII and the Ford Motor Company, which converted to producing jeeps during WWII.

**Activity Requirement: Moderate**-The USS Hornet is a military vehicle, designed to be used by young men in their 20s and 30s. The ladders are steep going between decks. Wear comfortable, closed-toes walking shoes. Consider layers as some parts of the ship can be cold regardless of weather. Cameras are welcome but must have neck or wrist strap. Bags and purses must not exceed 12 x 8 x 12 inches and may be subject to inspection.
