

# FILOLI

## Mansion & Gardens

**Monday, September 14, 2026**

Discover a curated collection of one-of-a-kind fresh floral mannequins displayed throughout Filoli's historic house. This captivating showcase celebrates *The Gilded Age*, the acclaimed drama set in late 19th-century New York, where old money and new ambition collide in a time of extraordinary social change — reimagined through spectacular floral storytelling.

Created by California's talented floral designers, each floral masterpiece interprets the series' distinct characters and opulent style — from the bold, aspirational gowns of Bertha Russell to the refined sophistication of Agnes van Rhijn, the understated elegance of Marian Brook, and the modern perspective of Peggy Scott — bringing the elegance and intrigue of *The Gilded Age* to life in full bloom.
